

## Environmental Policy

### Environmental Policy Statement

Through the adoption of a reasonable and proactive attitude to environmental issues **OFP Timber Framed Homes Ltd.** is committed to minimising potentially harmful effects on the environment and to contributing to sustainable development through balancing its business aims with environmental considerations.

The company will meet and where possible exceed the requirement of all applicable legislation and regulations.

Specifically, where it is within the company's control or influence in both design and construction, **OFP Timber Framed Homes** undertakes to:

- Endeavour to minimise the environmental impact of its operations and to reduce the effects of noise, dust, disturbance and inconvenience.
- Develop management processes, operational procedures, etc. to prevent pollution.
- Make efficient use of energy resources, taking appropriate opportunities to reduce and reuse waste and promote recycling and the use of recyclable materials.
- Implement a continual improvement process by assessing and monitoring its environmental performance against specific objectives and targets relevant to its business activities.
- Encourage initiatives that enhance its environmental performance.
- Work with subcontractors and suppliers to improve their environmental performance.
- Where appropriate, consult with the local community on environmental issues
- Use an accredited certification scheme to ensure that all timber is sourced from responsibly managed and sustainable forests
